

# Life Cycle of a Snowman Supply List

1. Three large round balloons
2. Containers to hold water filled balloons while in the freezer.
3. Felt cut to form eyes, nose, mouth, and buttons. You decide what colors to use!
4. Salt
5. Prediction and Life Cycle Recording Sheets
6. Skillet or hotplate
7. Ruler and measuring cup to measure height and amount of water from the Snowman once it has melted.
